

## Customer Loyalty – Referral Program Details & Disclaimers

Refer & Be Rewarded! It’s as easy as it sounds. As a current customer (or end-user) you will be rewarded for an active referral that results in an equipment (product) sale.

The reward? Free slides will be given to owners of any one of the LUNA™ Family Automated Cell Counters. For owners of the CELENA® X, CELENA® S, or the X-CLARITY™ Tissue Clearing Systems, you will receive a 25% discount for consumables purchases.

There are a couple of ways to ensure you receive this reward. First, contact your Logos Biosystems sales representative. Chances are your rep may have contacted you to ask if you would serve as a reference. If not, simply contact your representative, give them the name of the contact, and let them know that you either referred them, served as a reference, and/or allowed them to test your equipment.

The second option is to ask the interested parties to submit your name whenever they make the initial inquiry via the Logos Biosystems website. This way, your name is documented from the very beginning.

On the Logos Biosystems’ Quote Request form there is a section entitled ‘How did you hear about us?’ In the drop-down menu there is an option for ‘colleague’ that can be selected. In the box below, the interested parties can simply type in your name.

How did you learn about us?*	-None-
Message	

Of course, at any time during the sales process, if your name is mentioned by the interested parties and/or you contact us, we will gladly document your name as a referral.

Once the sale has been completed (a purchase order is received or payment is made via credit card), you will be notified, and your free items will be shipped to you as our way of saying *thank you* for your support of Logos Biosystems.

---
